WARRIOR CUP

By its size and strategic importance, Petrovaradin Fortress is one of the largest and most well-preserved fortresses in Europe. Often referred to as the "Gibraltar on the Danube," it was built between 1692 and 1780 and served as a vital military stronghold on the border of the Habsburg Monarchy. The fortress is a remarkable example of baroque military architecture and today stands as a major cultural and historical monument in Serbia.

Novi Sad is the second-largest city in Serbia and an important cultural, economic, and administrative center. Often called the "Serbian Athens" for its rich cultural heritage and vibrant artistic scene, Novi Sad sits on the banks of the Danube River. The city is known for its diverse architecture, historic landmarks, and as the host of the famous EXIT music festival, attracting visitors from around the world.

Dunavski Park is one of the most beautiful and well-known green spaces in Novi Sad. Located in the city center, it offers a peaceful escape from the urban hustle. The park was established in the 19th century and features a picturesque pond, walking paths, and a variety of native and exotic plant species. As a protected natural monument, Dunavski Park is not only a favorite spot for relaxation, but also a symbol of the city's harmony with nature.

The Grape Harvest Days, also known as "Grožđebal," is the largest, oldest, and most visited tourist and economic event in the region. A rich, high-quality, and diverse program offers something for everyone's taste. There are concerts, exhibitions, children's costume parades, and carnivals — and wine and sausages are everywhere. This year, the event will take place from 20th to 22nd September, 2025. in Sremski Karlovci, near Petrovaradin.
